4WD

LCA

HEAVY DUTY

## Nothing Guards Like Fleetguard.

As a filtration company that manufactures its own media, Cummins Filtration knows the science from the inside out.

With a full line of filters specifically engineered for a wide range of systems, you receive advanced design and high quality performance, providing the ultimate protection for all your equipment.

- Meets OEM specifications - Fleetguard engineers all products to meet or exceed OEM specifications to ensure engines and other systems get maximum life.
- Filters for every fleet - Fleetguard has over 8,300 products covering the widest range of air, lube, fuel and hydraulic filters in the heavy duty industry.
- Systems approach - We don't just provide parts. We are a comprehensive supplier to support the maintenance of your equipment.

## Cummins Filtration Warranty Coverage Beyond the Competition

Providing customers the best warranty coverage in the industry is our ongoing promise that we want to be your supplier for life. Our non prorated warranty guarantees that we will always be there after the sale. If a Cummins Filtration product defect ever necessitates repair of the engine or components, the Cummins Filtration Warranty covers reimbursement of reasonable costs to repair or replace, whichever is less, the damaged engine or components.

We ensure that our Cummins Filtration Warranty goes beyond all other competitive warranties with the most dependable, premium coverage available anywhere in the world, including:

- Uncomplicated, simple Warranty statement
- Warranty in the language of choice
- Non pro-rated Warranty
- Industry-leading response time
- Global coverage for Fleetguard filtration products, chemicals and coolants.
- 24-hour Customer Assistance

HEAVY DUTY  
ENGINE COOLANT

## Any Engine, Anywhere

- Any engine, anywhere
- Life of engine coolant (no extender)
- 1.5 million kms/6 years
- Propylene glycol based premixed coolant
- Uses organic additive technology (OAT) to provide long lasting protection against corrosion and liner pitting (cavitation) and is compatible with the different elastomeric seals, gaskets, plastics and metal alloys used by OEM heavy duty engine manufacturers.
- BNAPS free (contains no Borate, Nitrite, Amine, Phosphate or Silicate) and is designed as a 'life of the engine' coolant when used as a complete fill in a well maintained and monitored cooling system.
